

# **CANAL STREET PLAYGROUND BEAUTIFICATION PROJECT**

The Recreation Commission is proposing a beautification project for the downtown Canal Street Playground Area. The Commission's proposal is to remove the existing chain fence, basketball court and other items currently there and install a NEW 1/2 court basketball area, green space area with picnic tables, and a Playscape Structure for ages 2-12 surrounded by a split rail fence. If you would like to view, talk about or learn more information about the proposed project please join us on Monday, November 9th, 2016 in Room 212 of the Municipal Building.
