

North Berwick Parks & Recreation Policy
For Current Keyholders

All members of the North Berwick Community who have a key to the Community Center located at 264 Lebanon Rd. must adhere to the following new policy. As of today, December 10th, 2007, you must have permission from the North Berwick Recreation Director to use the Community Center unless it is a pre-scheduled event or meeting that is on the calendar. There have been too many instances lately where someone with a key comes into the center for an impromptu meeting, to finalize something, etc. and other meetings or events are already going on. In some cases the center has been rented out to someone who has paid for its usage. Which means no one else should be in there for any reason and possibly interfering in their event. No one wants to be having a memorable event and then have people walk through for the restroom, kitchen use or to warm up. Please make everyone within your group aware of the new policy and help to enforce it.

Thanks for your understanding,
Kristie L. Michaud
North Berwick Parks & Recreation Director
