# FEDERAL COMPLIANCE

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

71 - 72

#### **Proven Expertise and Integrity**

#### INDEPENDENT AUDITORS' REPORT

Board of Selectmen Town of North Berwick North Berwick, Maine

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of North Berwick, Maine, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Town of North Berwick, Maine's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates

Tel: (800) 300-7708

(207) 929-4606 www.rhrsmith.com Fax: (207) 929-4609

made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of North Berwick, Maine as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension information on pages 4 through 11 and 51 through 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of North Berwick, Maine's basic financial statements. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund Revenues, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual -General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 26, 2017, on our consideration of the Town of North Berwick's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of North Berwick's internal control over financial reporting and compliance.

# REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2017

# (UNAUDITED)

The following management's discussion and analysis of Town of North Berwick, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2017. Please read it in conjunction with the Town's financial statements.

#### **Financial Statement Overview**

The Town of North Berwick's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule and pension information, and other supplementary information which includes combining and other schedules.

#### **Basic Financial Statements**

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

### **Government-Wide Financial Statements**

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position – this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities – this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have separate columns for the two different types of town activities. The types of activities presented for the Town of North Berwick are:

- Governmental activities The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the Town's basic services are reported in governmental activities, which include general government, public safety, public works, education, health and welfare, recreation and culture, library and unclassified.
- Business-type activities These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the Town of North Berwick include a Pay-Per-Throw Trash Program.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of North Berwick, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of North Berwick can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of North Berwick presents only two columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "All Nonmajor Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Proprietary Funds: The Town of North Berwick maintains a proprietary fund, the Pay-Per-Throw Trash Program. These funds are used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements, proprietary fund financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Cash Flows – Proprietary Funds.

# **Required Supplementary Information**

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund, a Schedule of Proportionate Share of the Net Pension Liability, a Schedule of Contributions and Notes to Required Supplementary Information.

#### Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

# **Government-Wide Financial Analysis**

Our analysis below focuses on the net position, and changes in net position of the Town's governmental and business-type activities. The Town's total net position for governmental activities increased by \$281,924 from \$11,005,914 to \$11,287,838. The Town's total net position for business-type activities increased by \$48,079 from \$157,613 to \$205,692.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased for governmental activities to a balance of \$3,371,950 at the end of this year. Unrestricted net position for business-type activities increased to a balance of \$205,692.

# **Revenues and Expenses**

Revenues for the Town's governmental activities increased by 1.39%, while total expenses increased by 2.66%.

Revenues for the Town's business-type activities increased by 7.79%, while total expenses decreased by 19.92%.

# Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

Town of North Berwick, Maine
Fund Balances - Governmental Funds
June 30,

|   |    | 2017                                 |    | 2016                                 |
|---|----|--------------------------------------|----|--------------------------------------|
| General Fund:   |    | _                                    |    |                                      |
| Assigned  | \$ | 563,950                              | \$ | 396,707                              |
| Unassigned  |    | 2,764,466                            |    | 2,756,723                            |
| Total General Fund  | \$ | 3,328,416                            | \$ | 3,153,430                            |
| Nonmajor Funds: Capital Projects Funds: Committed Assigned Unassigned Permanent Funds: Restricted | \$ | 244,035<br>311<br>(2,123)<br>273,350 | \$ | 245,709<br>307<br>(2,123)<br>267,425 |
|   | Ф. |                                      | ф. |                                      |
| Total Nonmajor Funds  | \$ | 515,573                              | \$ | 511,318                              |

The general fund total fund balance increased by \$174,986 from the prior fiscal year. The nonmajor fund balances increased by \$4,255 from the prior fiscal year.

*Proprietary funds*: The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

# **Budgetary Highlights**

Differences between the original and final budget for the general fund include the use of assigned fund balances. Refer to Schedules A and B for additional information on budget differences.

The general fund actual revenues were over budget by \$68,790. This was a result of all revenues being receipted over budget with the exception of other revenue and transfers from other funds.

The general fund actual expenditures were under budget by \$594,152. All expenditure accounts were under budget with the exception of education and public works.

# **Capital Asset and Debt Administration**

## **Capital Assets**

As of June 30, 2017, the net book value of capital assets recorded by the Town increased by \$60,790 from the prior year. This increase is the result of capital additions of \$618,291 less current year depreciation expense of \$557,501. For additional details refer to Note 4 of Notes to Financial Statements.

| Total                              | \$ | 10,019,246 | \$<br>9,958,456 |

#### **Debt**

At June 30, 2017, the Town had \$2.26 million in bonds outstanding versus \$2.46 million last year. Other obligations include a capital lease payable, net pension liability and accrued compensated absences. For additional details on the Town's outstanding debt, refer to Note 5 of Notes to Financial Statements.

### **Economic Factors and Next Year's Budgets and Rates**

The Town's unassigned fund balance remains at a level sufficient to sustain government operations for a period of approximately three months while also maintaining significant reserves for future operations, capital and program needs.

# **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Manager at P.O. Box 422, North Berwick, Maine 03906.

# STATEMENT OF NET POSITION JUNE 30, 2017

# STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS FOR THE YEAR ENDED JUNE 30, 2017

| Net change in fund balances - total governmental funds (Statement E)  | \$ 179,241                     |
|---|--------------------------------|
| Amounts reported for governmental activities in the Statement of Activities (Statement B) are different because:  |                                |
| Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense allocated to those expenditures over the life of the assets: Capital asset acquisitions Depreciation expense  Revenues in the Statement of Activities that do not provide current financial resources | 618,291<br>(557,501)<br>60,790 |
| as revenues in the funds:<br>Taxes and liens receivable   | 21                             |
| Deferred outflows of resources are a consumption of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds   | 222,638                        |
| Repayment of long-term debt principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position   | 200,794                        |
| Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position  | (114,669)                      |
| Deferred inflows of resources are an acquisition of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds   | 41,652                         |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:   |                                |
| Net pension liability   | (308,543)                      |
| Change in net position of governmental activities (Statement B)   | \$ 281,924                     |

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Reporting Entity

The Town of North Berwick was incorporated under the laws of the State of Maine. The Town operates under a selectmen-manager form of government and provides the following services: general government, public safety, public works, health and welfare, education, recreation and culture, and library.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and No. 61.

# Implementation of New Accounting Standards

During the year ended June 30, 2017, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68". The objective of the Statement is to improve financial reporting by instituting a single framework for the presentation of information about pensions, thereby expanding the comparability of pension-related information reported by state and local governments. Management has determined that this Statement is not applicable.

Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". The objective of the Statement is to improve the disclosure of information about benefits other than pensions (other postemployment benefits or OPEB) included in financial statements of state and local governments. This Statement will improve financial reporting through enhanced note disclosures and schedules of required supplementary information that will be presented by OPEB plans that are administered through trusts that meet specified criteria. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 77, "Tax Abatement Disclosures". The objective of the Statement is to improve disclosure of information about the nature and magnitude of tax

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

abatements, making these transactions more transparent to financial statement users. As such, users will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 80, "Blending Requirements for Certain Component Units". The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, Determining Whether Certain Organizations Are Component Units. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 81, "Irrevocable Split-Interest Agreements". The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. Split-interest agreements are a type of giving agreement used by donors to provide resources to two or more beneficiaries, including governments. Split-interest agreements can be created through trusts or other legally enforceable agreements with characteristics that are equivalent to split-interest agreements—in which a donor transfers resources to an intermediary to hold and administer for the benefit of a government and at least one other beneficiary. Examples of these types of agreements include charitable lead trusts, charitable remainder trusts, and life-interests in real estate. As such, this Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 82, "Pension Issues". The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. Management has determined the impact of this Statement is not material to the financial statements.

### Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's Pay-Per-Throw Trash Program is categorized as a business-type activity. All other activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position are reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, public safety, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Measurement Focus - Basic Financial Statements & Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the Town:

### 1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

### Major fund:

a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

#### Nonmajor funds:

- Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.
- c. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended, and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

# 2. Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

proprietary activity. Non-operating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the Town:

a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing. services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

# **Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

## 1. Accrual

Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

#### Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- 1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
- 3. The budget was adopted subsequent to passage by the inhabitants of the Town.

# **Deposits and Investments**

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.

## Receivables

Receivables include amounts due from governmental agencies and ambulance receivables. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible. Allowances for uncollectible accounts netted with accounts receivable were \$89,062 for the year ended June 30, 2017. The allowance for uncollectible accounts is estimated to be \$0 as of June 30, 2017.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

# Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

# Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

# Estimated useful lives are as follows:

Buildings 20 - 50 years
Infrastructure 50 - 100 years
Machinery and equipment 3 - 50 years
Vehicles 3 - 25 years

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Long-term Obligations**

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of bonds payable, a capital lease payable, net pension liability and compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

# **Compensated Absences**

The Town's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as long-term debt in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources. As of June 30, 2017, the Town's liability for compensated absences is \$66,049.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Participating Local District (PLD) Consolidated Plan and additions to/deductions from the PLD Consolidated Plan's fiduciary net position have been determined on the same basis as they are reported by the PLD Consolidated Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Net Position**

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

# **Fund Balances**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Board of Selectmen.

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

The Town adopted a set of financial policies in 2012 to guide the financial operation of the Town. Included in the policies are guidelines for accumulating and maintaining an operating position in certain budgeted governmental funds such that annual expenditures shall not exceed annual resources, including fund balances. Other funds shall be fully self-supporting to the extent that the fund balance or retained earnings of each fund shall be zero or greater.

### Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has only one type of item, deferred outflows related to pensions. This item is reported in the statement of net position.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has only one type of item, deferred tax revenues, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes also qualify for reporting in this category. This item is reported in both the statements of net position and governmental funds balance sheet. Deferred inflows related to pensions qualify for reporting in this category as well. This item is reported only in the statement of net position. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied August 23, 2016 on the assessed value listed as of April 1, 2016, for all real and personal property located in the Town. Taxes were due on in two installments on October 7, 2016 and May 5, 2017. Interest on unpaid taxes commenced on October 8, 2016 and May 6, 2017, at 7% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$262,785 for the year ended June 30, 2017.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

#### **Program Revenues**

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services, or privileges provided, operating or capital grants and contributions, including special assessments).

### Operating/Non-Operating Proprietary Fund Revenues

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to that fund's ongoing operations. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# **Encumbrance Accounting**

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

#### NOTE 2 - DEPOSITS AND INVESTMENTS

State statutes require that all investments made by the Town consider the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

#### **Deposits:**

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does have a policy covering custodial credit risk for deposits. The Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes. At June 30, 2017, the Town's cash balances amounting to \$4,071,390 were comprised of bank deposits of \$4,159,217. Of these bank deposits, \$300,001 was fully insured by federal depository insurance and consequently was not exposed to custodial credit risk and \$3,859,216 was collateralized with securities held by the financial institution's agent in the Town's name.

| Account Type  | <br>Bank<br>Balance                              |  |  |
|---|--|--|--|
| Checking accounts Money markets accounts Savings accounts | \$<br>50,001<br>4,044,038<br>65,178<br>4,159,217 |  |  |

#### Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

collateral securities that are in possession of an outside party. Currently, the Town does have a policy for custodial credit risk for investments.

At June 30, 2017, the Town's investments were comprised of the following:

| Investment Type         | Fair<br>Value | N/A  | Less than 1 Year | 1 - 5 Years |
|-------------------------|---------------|------|------------------|-------------|
| Certificates of Deposit | \$ 23,676     | \$ - | \$ 4,112         | \$ 19,564   |
|                         | \$ 23,676     | \$ - | \$ 4,112         | \$ 19,564   |

The certificates of deposit of \$23,676 were collateralized with securities held by the financial institution's agent in the Town's name.

Credit risk – Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does have an investment policy on credit risk. Generally, the Town invests excess funds in cash management accounts and various insured certificates of deposit.

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

#### NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2017 consisted of the following individual fund receivables and payables.

|  | Receivables<br>(Due from) |  | Payables<br>(Due to) |   |
|--|---------------------------|--|----------------------|---|
| General fund<br>Nonmajor capital projects funds<br>Nonmajor permanent funds<br>Enterprise fund | \$                        | 8,786<br>64,859<br>-<br>191,631<br>265,276 | \$                   | 256,490<br>5,638<br>3,148<br>-<br>265,276 |

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 4 - CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended June 30, 2017:

|                                  | Balance,<br>7/1/16 | Additions   | Disposals | Balance,<br>6/30/17 |
|----------------------------------|--------------------|-------------|-----------|---------------------|
| Governmental activities          |                    | 71001110110 | <u> </u>  | <u> </u>            |

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN

#### MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

#### **Plan Description**

Town employees contribute to the Maine Public Employees Retirement System (MainePERS), a cost-sharing multiple-employer defined benefit pension plan established by the Maine State Legislature. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the Participating Local District (PLD) Consolidated Plan's advisory group, which reviews the terms of the plan and periodically makes recommendations to the Legislature to amend the terms. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained online at www.mainepers.org or by contacting the System at (207) 512-3100.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

## NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **Benefits Provided**

The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members The System's retirement programs provide defined retirement and beneficiaries. benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten year requirement was reduced by legislative action to five years for employees of PLDs). In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For PLD members, normal retirement age is 60 or 65. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. The System also provides disability and death benefits which are established by contract with PLD employers under applicable statutory provisions.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 5.0%.

#### **Contributions**

Retirement benefits are funded by contributions from members and employers and by earnings on investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. The Town's police department employees are part of the PLD's special plan "1N" and are required to contribute 8% of their annual salary, while all other employees are part of the regular plan "AN" and are also required to contribute 8% of their annual salary. The Town is required to contribute at an actuarially determined rate. The current rates are 9.3% of the special plan "1N" members' covered payroll and 6.5% of the regular plan "AN" members' covered payroll. The contribution rates of plan members and the Town are established and may be amended by the Maine Public Employee Retirement Systems advisory group. The Town's contribution to the MainePERS PLD Consolidated Plan for the year ended June 30, 2017 was \$63,938.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the Town reported a liability of \$626,869 for its proportionate share of the net pension liabilities for the plan. The net pension liabilities were measured as of June 30, 2016, and the total pension liabilities used to calculate the net pension liabilities was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liabilities were based on a projection of the Town's long-term share of contributions to each pension plan relative to the projected contributions of all PLDs, actuarially determined. At June 30, 2016, the Town's proportion was 0.117981%, which was an increase of 0.018208% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the Town recognized total pension expense of \$44,253. At June 30, 2017, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   |                   | Plan |             |
|---|-------------------|------|-------------|
| Deferred                                      | Deferred Outflows |      | red Inflows |

| Thereafter               | -            |  |  |

#### **Actuarial Methods and Assumptions**

The collective total pension liability for the Plan was determined by an actuarial valuation as of June 30, 2016, using the following methods and assumptions applied to all periods included in the measurement.

#### Actuarial Cost Method

The Entry Age Normal actuarial funding method is used to determine costs. Under this funding method, the total employer contribution rate consists of two elements: the normal cost rate and the unfunded actuarial liability (UAL) rate.

The individual entry age normal method is used to determine liabilities. Under the individual entry age normal method, a normal cost rate is calculated for each employee. This rate is determined by taking the value, as of age at entry into the plan, of the member's projected future benefits, and dividing it by the value, also as of the member's entry age, of his or her expected future salary. The normal cost for each employee is the product of his or her pay and his or her normal cost rate. The normal cost for the group is the sum of the normal costs for all members.

Experience gains and losses, i.e., decreases or increases in liabilities and/or in assets when actual experience differs from the actuarial assumptions, affect the unfunded actuarial accrued liability.

#### Asset Valuation Method

The actuarial valuation employs a technique for determining the actuarial value of assets which dampens the swing in the market value. The specific technique adopted in this valuation recognizes in a given year one-third of the investment return that is different from the actuarial assumption for investment return.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

# NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **Amortization**

The net pension liability of the PLD Consolidated Plan is amortized on a level percentage of payroll using a method where a separate twenty-year closed period is established annually for the gain or loss for that year.

Significant actuarial assumptions employed by the actuary for funding purposes as of June 30, 2016 are as follows:

*Investment Rate of Return* - For the PLD Plan, 6.875% per annum, compounded annually; 7.125% was used for the period ended June 30, 2015.

Salary Increases, Merit and Inflation - Members of the consolidated plan for PLDs, 3.50% to 9.50% per year.

Mortality Rates - For participating local districts, the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females, is used. For all recipients of disability benefits, the RP2014 Total Dataset Disabled Annuitant Mortality Table, for males and females, is used.

Cost of Living Benefit Increases - 2.20%; 2.55% was used for the period ended 2015.

The long-term expected rate of return on pension plan assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as June 30, 2016 are summarized in the following table. Assets for the defined benefit plan are comingled for investment purposes.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

|                 | PLD P      | lan          |
|-----------------|------------|--------------|
|                 |            | Long-term    |
|                 |            | Expected     |
|                 | Target     | Real Rate of |
| Asset Class     | Allocation | Return       |
| US equities     | 20%        | 5.7%         |
| Non-US equities | 20%        | 5.5%         |
| Private equity  | 10%        | 7.6%         |
| Real assets:    |            |              |
| Real estate     | 10%        | 5.2%         |
| Infrastructure  | 10%        | 5.3%         |
| Hard assets     | 5%         | 5.0%         |
| Fixed income    | 25%        | 2.9%         |

The discount rate used to measure the collective total pension liability was 6.875% for 2016. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer entity contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table shows how the collective net pension liability/(asset) as of June 30, 2016 would change if the discount rate used was one percentage point lower or one percentage point higher than the current rate. The current rate is 6.875% for the PLD Consolidated Plan.

|   | 1%<br>Decrease  | ا  | Discount<br>Rate | 1%<br>Increase |
|---|-----------------|----|------------------|----------------|
| PLD Plan:<br>Discount rate                              | <br>5.875%      |    | 6.875%           | 7.875%         |
| Town's proportionate share of the net pension liability | \$<br>1,040,490 | \$ | 626,869          | \$<br>237,460  |

# **Changes in Net Pension Liability**

Each employer's share of the collective net pension liability is equal to the collective net pension liability multiplied by the employer's proportionate share as of June 30, 2016 as shown in the schedules of the employer and non-employer contributing entity allocations. Changes in net pension liability are recognized in pension expense for the year ended June 30, 2016 with the following exceptions.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Differences between Expected and Actual Experience

The difference between expected and actual experience with regard to economic or demographic factors were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are sown as either deferred outflows of resources or deferred inflows of resources. For 2016, this was 4 years for the PLD Consolidated Plan.

Differences between Projected and Actual Investment Earnings on Pension Plan Investments

Differences between projected and actual investment earnings were recognized in pension expense using a straight-line amortization method over a closed five-year period. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

#### Changes in Assumptions

Differences due to changes in assumptions about future economic or demographic factors or other inputs were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used for the year ended June 30, 2016 valuation were based on the results of an actuarial experience study for the period of June 30, 2012 through June 30, 2015. Please refer to the Actuarial Methods and Assumptions section for information relating to changes of assumptions. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions

Differences resulting from a change in proportionate share of contributions and differences between total employer contributions and the employer's proportionate share of contributions were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. Differences between total employer

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

contributions and the employer's proportionate share of contributions may arise when an employer has a contribution requirement for an employer specific liability.

#### **Pension Plan Fiduciary Net Position**

Additional financial and actuarial information with respect to the Plan can be found in the MainePERS' 2016 Comprehensive Annual Financial Report available online at www.mainepers.org or by contacting the System at (207) 512-3100.

#### NOTE 10 - EXPENDITURES OVER APPROPRIATIONS

The following appropriations were exceeded by actual expenditures:

|   | <br>xcess   |
|---|-------------|
| Capital Improvement - Salt/Sand Shed (Article 21) | \$<br>321   |
| Insurance (Article 25)                            | 2,594       |

| Education   | <br>25      |
|   | \$<br>6,162 |

#### NOTE 11 - DEFICIT FUND BALANCES

The following funds had deficit fund balances at June 30, 2017:

Road Bond \$ 2,123

#### **NOTE 12 - CONTINGENCIES**

The Town is contingently liable for its proportionate share of any defaulted debt by entities of which it is a member. At June 30, 2017, the Town's share was approximately:

|                           | 0  | outstanding<br>Debt    | Town's<br>Percentage | Total<br>Share |                      |  |  |
|---------------------------|----|------------------------|----------------------|----------------|----------------------|--|--|
| County of York<br>RSU #60 | \$ | 5,053,463<br>7,617,443 | 2.03%<br>29.27%      | \$             | 102,585<br>2,229,626 |  |  |
|                           |    |                        |                      | \$             | 2,332,211            |  |  |

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 12 - CONTINGENCIES (CONTINUED)

In the normal course of operations, the Town receives grant funds from Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

#### NOTE 13 - LANDFILL CLOSURE

The North Berwick landfill is at 100% capacity to date. Therefore, the estimated remaining landfill life is zero years. Federal and state laws require that certain post-closure care be met. The Town estimates that on an annual basis, some immaterial costs will be incurred for post-closure care. The annual amount will be paid for within the Town's annual operating budget.

#### NOTE 14 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town participates in a public entity risk pool sponsored by the Maine Municipal Association. The Maine Municipal Association Group Risk Pool is a state chartered pool established exclusively for Maine municipalities. The pool provides certain property, liability, fidelity and vehicle coverage. If the assets of the pool are at any time actuarially determined to be insufficient to enable the pool to discharge its legal obligations, other obligations, and actuarially sound reserves, the pool has the power to make up the deficiency by the levy of a prorated assessment. There have been no deficiencies during the past three years and management believes that no deficiency exists at June 30, 2017.

The Town is a member of the Maine Municipal Association – Property and Casualty Pool and pays an annual premium for its coverage. Under the property portion of the policy, coverage is provided after a per occurrence deductible is met. The limit of coverage for liability claims brought under the Maine Tort Claims Act is \$400,000 per occurrence. A \$2,000,000 limit of liability is provided for liability claims outside the Maine Tort Claims Act. There is no aggregate liability limit. Coverage for Public Officials Liability, including Employment Practices, is a part of the program. Coverage is on an occurrence basis, rather than a "claims made" form. A \$2,000,000 limit of liability is provided for all claims for Wrongful Acts seeking monetary damages pursuant to federal

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 14 - RISK MANAGEMENT (CONTINUED)

or state law for which the Maine Tort Claims Act does not provide immunity or limitations. Each member has a \$4,000,000 annual aggregate limit. An annual sublimit of \$100,000 per member applies for all back wages and/or future salary awards for employment related claims, subject to a \$5,000 retention and a 10% contribution by the member.

The Town is also a member of the Maine Municipal Association – Worker Compensation Trust Fund ("Fund"). The Fund was created to formulate, develop and administer a program of modified self-funding for the Fund's membership, obtain lower costs for worker's compensation coverage and develop a comprehensive loss control program. The Town pays an annual premium to the fund for its worker's compensation coverage. The Town's agreement with the Fund provides that the fund will be self-sustaining through member premiums and will provide, through commercial companies' reinsurance contracts, coverage for claims in excess of \$1,000,000.

The Town is also a member of the Maine Municipal Association – Unemployment Compensation Group Fund ("MMA UC Fund"). The MMA UC Fund was created to assist in meeting members' obligations under the Employment Security Act in an efficient and cost-effective manner. The Fund is composed of individual municipalities and other public and related non-profit entities that are individually self-insured but administered as a group. Within the Fund, each member has a separate account. As such, the Town makes quarterly payments into their account, based on rates developed by MMA's consulting actuary. Claims, if any, are paid out of the Town's own account. The Maine Department of Labor classifies MMA's UC Fund members as Direct Reimbursement Employers. In other words, the Fund reimburses the Maine DOL on the Town's behalf only when the Town has unemployment claims from present or former employees.

Occasionally, the Town may have layoffs or resignations or even a part-time employee losing a primary job, that lead to larger claims payments than anticipated. When claims exceed the balance of the Town's account, the UC Fund continues to pay the Town's claims with no regard for the negative balance. Repayment of a negative balance is spread out over a period of years to avoid a financial hardship to the Town. Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2017. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 15 - TAX INCREMENT FINANCING DISTRICT & ABATEMENTS

The Town has established a tax increment financing district in accordance with Maine statutes to finance economic development programs located in the Town of North Berwick, Maine. The expenditures from these development programs will be recovered in future years through an incremental tax levied upon the districts' so called "captured assessed value". A portion of the incremental tax revenues will be returned to the district to repay principal and interest on any indebtedness, to fund the expenditures of the development program, and to finance future expansion.

# Canal Street Affordable Housing Development District Development Program

On November 28, 2006, the North Berwick Board of Selectmen, as well the Maine State Housing Authority, approved a Tax Increment Financing District to expand and diversify the Town's tax base, improve its economy and provide affordable, livable, rental housing developments for senior citizens. The area of the District is approximately 4 acres at the old woolen mill property, divided into approximately 40 rental housing units. The potential projects that will be implemented under this Development Program include: renovation of the mill buildings, removal of the outlying buildings, remediation of environmental contamination of the site and other redevelopments. The original assessed value of the property is \$606,600. The Town anticipates over the life of the district that new development, rehabilitation, and redevelopment will result in approximately \$707,200 in new taxable value. Tax increment revenues generated from this value over the life of the district will be approximately \$3,400,000. The Development Program provides for 100% of the increase in assessed value of the District to be captured and designated as captured assessed value for 20 years. The tax increment revenues will be deposited by the Town into the Development Program Fund for a period of 20 years. The Development Program Fund is pledged to and charged with the payment of the project costs in the manner provided in 30-A M.R.S.A. §5227(3)(A).

The TIF District will remain in place for a period of 20 years from adoption. The allocation of tax increment revenues, through a credit enhancement agreement, to be paid to owners/developers of specified property, will commence by agreement between the Town and the owner/developer and will continue for a period not to exceed 20 years or the remainder of the term of the District designation, whichever is less. No more than 50% of the property taxes to be generated on the improvements within the District will be returned to the developer. The remaining amount will be retained by the Town and used to fund the development plan of the District. The Selectmen shall determine, in its discretion, whether it is necessary or appropriate to enter any Credit Enhancement Agreement to grant these abatements. The state law does not provide for the recapture of abated taxes in the event an abatement recipient does not fill the commitment it makes in return for the tax abatement. The Town does not currently expect that any of

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### NOTE 15 - TAX INCREMENT FINANCING DISTRICT & ABATEMENTS (CONTINUED)

the costs of the projects will be financed through issuance of any municipal indebtedness.

#### **Abatements**

The Town has not made any commitments as part of the Credit Enhancement Agreements other than to reduce taxes. The Town is not subject to any tax abatement agreements entered into by other governmental entities. The Town currently only has one tax abatement agreement, the North Berwick Affordable Housing Limited Partnership, which is summarized below:

#### North Berwick Affordable Housing Limited Partnership

On November 28, 2006, the Town of North Berwick, Maine entered into a credit enhancement agreement with the Caleb Foundation for the development of rental housing units and to provide affordable housing in the Town to senior citizens. The agreement is effective for 20 years. The original valuation of the property was \$606,600. 50% of the property taxes to be generated on the improvements within the District will be returned to the developer for 20 years. The remaining 50% will be retained by the Town and used to fund the development plan of the District.

For the fiscal year ended June 30, 2017, the Town abated property taxes for the following program:

| Tax Abatement Program                                | Percentage of Taxes Abated During the Fiscal Year | Amount of Taxes Abated During the Fiscal Year |        |  |  |  |
|--|---|---|--------|--|--|--|
| North Berwick Affordable Housing Limited Partnership | 50%   | \$  | 22,512 |  |  |  |

# NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2017

# **Changes of Assumptions**

There was a change in the investment rate of return assumption this year from 7.125% to 6.875%. Annual salary increases, including inflation, changed from 3.50% - 9.50% to 2.75% - 9.00%, for the PLD Consolidation Plan. There was also a change in the cost of living benefit increase from 2.55% to 2.20%. Finally, the mortality rates for active members, nondisabled retirees and recipients of disability benefits, were determined using the RP2014 Total Dataset Healthy Annuitant Mortality Table and the RP2014 Total Dataset Disabled Annuitant Mortality Table, for males and females, compared to the RP2000 Table projected forward and the Revenue Ruling 96-7 Disabled Mortality Table used in the prior year.

#### Other Supplementary Information

Other supplementary information includes financial statements and schedules not required by the Government Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

- Budgetary Comparison Schedule Budgetary Basis Budget and Actual – General Fund Revenues
- Schedule of Departmental Operations General Fund
- Combining Balance Sheet Nonmajor Governmental Funds
- Combining Schedule of Revenues, Expenditures and Changes in Fund Balances – Nonmajor Governmental Funds
- Combining Balance Sheet Nonmajor Capital Projects Funds

#### Permanent Funds

Permanent funds are used to account for assets held by the Town of North Berwick, Maine that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended, and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. These funds have been established for various purposes including the provision and/or maintenance of the cemeteries.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Selectmen Town of North Berwick North Berwick, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of North Berwick, Maine as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Town of North Berwick, Maine's basic financial statements, and have issued our report thereon dated December 26, 2017.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of North Berwick, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of North Berwick, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of North Berwick, Maine's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of North Berwick, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
